

Workshop Speaker

NANCYDAVIS

Following a near-fatal blood disease and battling potentially terminal illnesses with both of her children, Nancy Davis knew what it meant to depend on God and to listen for His voice. She heard the Lord's voice unexpectedly in November 2004 when He spoke to her heart concerning a lifelong physical struggle. This "defining moment" changed her life and now, after losing 110 lbs, she shares with others the lessons she learned during her journey to regain her health and the health of her children. Passionate about helping women understand and fulfill the roles given to them as wives, mothers and in ministry; she communicates from God's word truths that will inspire and encourage women to take control

of choices, embrace the gift of womanhood and step into their God-given destiny.

Nancy and her husband, Greg, are the Senior Pastors of Cornerstone Church, a fast-growing multi-cultural congregation in Southaven, Mississippi. They have 2 children, Colton, age 16 and Anna Grace, age 9.
